

○ Elevate feet below the workstation to maximize comfort and ergonomic efficiency with the Footrest by SpaceCo.

The Footrest by SpaceCo offers users an easy, comfortable means for elevating feet below the workstation. The health benefits of elevating the feet with SpaceCo's Footrest include improved blood flow, circulation, and posture. The Footrest is slim in design to make it discreet and unobtrusive below the work surface.

Key Benefits

- Minimal, unobtrusive design for maximum spatial efficiency
- Increased blood flow, circulation, and posture for user
- Decreased lower back pressure for user
